

WELCOME TO 2012/13 SEASON

Wow, hasn't the off season flown by. In less than 3 weeks we kick off a new season that we are going to jam pack with more than ever.

This year we are back on track to be the great club we all know and love. We will try to tempt back old members as well as some new ones, so if you know of anyone that we may have missed or even someone that wants to join let me know and I'll pop them a form in the post. Last year we tried to give back more to Members with give aways and draws at our feature meetings.

We had some fantastic draws with 4 separate lucky numbers winning their Member an accommodation vouchers. Another Member won tickets for 2 Full Seafood Buffet @ Steelo's Gloucester Park during the V75 Interdominion series. We also gave away 6 family passes to GP and don't forget our cooked Chook giveaway each meeting!!

Not only did our Members benefit but with other prize draws and raffles we had some fantastic give aways, even a 50L Super Dry esky.

Bus Trips

Members last year queried the possibility of organising a bus to attend fellow Race club feature days. I have enclosed these dates from Clubs and if we get enough interest we can organise a fantastic day out.

Pre-Season Busy Bee

We will be organising a busy bee to give to grounds a spring clean before the season starts and as they say *“many hands make light work”*. We will put on a spread to keep the wonderful volunteers fed and watered so keep an eye out as we will be putting out the call for help. Any time that you can spare would be greatly appreciated.

Enclosed is,

- Race dates calendar to slap on your fridge.
- Membership form. We gratefully accept cash, cheque, money order and card. If you choose to pay by card we can easily post your receipt or set aside for you to pick up .

We have a quantity of stubby holders so we will give them out to members this year, to help look after your hands and new Narrogin Racing pens to play with while you are at it.

Email Addresses

Emails will also be used more this year if possible. We will email our newsletters, invitations to applicable Industry meetings that we host and member functions. So if you want to save a tree or two, fill your details out on the member form to receive this option.

Members Day

Mark your calendar now for the 21st October. John & Lesley Young would like to invite everyone to their farm for a Members BBQ. WE will supply the food & cool drink, please BYO. RSVP's by the 15th October would be appreciated.
